**SPANISH STOCK EXCHANGE COMISSION (CNMV)**

Pursuant to article 82 of the Securities Market Act we hereby inform you of the following event relating to this Company.

**RELEVANT FACT**

During the day, a number of analysts and investors have approached Indra inquiring about news and comments regarding information required by the Spanish Stock Exchange Commission (CNMV).

Such request was related to Indra's 2013 Annual Accounts and was made last August by the CNMV as part of its ordinary supervisory activities of corporate's accounts, by which it periodically asks for additional information to a wide number of companies in the Spanish stock exchange.

Indra elaborated the requested information, which after being checked and reviewed by our external auditors, was submitted to the CNMV last October. The CNMV after the corresponding review, and there not being any further information pending to be provided, released it as part of Indra's publicly available information.

This document can be downloaded in the following link from the CNMV webpage:

There is no other requirement for additional information pending to be submitted.

Yours faithfully,

Juan Carlos Baena
