

A320 Level D Full Flight Simulator

Indra's Full Flight Simulators are renowned for their accuracy, detail and realistic flight performance. Their reliability and high fidelity ensure the finest training experience.

Aircraft Simulation:

- Level D (EASA/FAA/CAAC).
- Airbus Standard.
- All engines available.
- NEO Engines available.
- Full cockpit replica.
- Airbus part kit.
- Real / retargeted / rehosted /simulated solutions for avionics and instruments kit.
- Upset Recovery Training.
- ATC Simulation for FFS.

Visual System:

- 3-channel, 200°x40° field of view. LED, Laser, LCoS projectors available.
Visual InVis3 image generator.
Global world visual data base integrating:
- Geospecific World terrain database.
 - Specific Level D airports, from Indra library or custom made.
 - All world runway supported by ARINC 424 format.

Motion:

- Fully electrical motion system.
- 6 degree-of-freedom.
- 60" stroke.

IOS:

- Forward facing.
- Friendly.
- Customizable.
- Lesson Plans.

A320 Level D

Support

- Warranty.
- Operation and maintenance courses and manuals.
- Simulator designed with maximum COTS hardware and standard interfaces for long-term user-friendly maintenance.
- **Indra worldwide support network.**
- **Availability above 99.5%.**
- **Easy maintenance.**

Optional

- Post-warranty maintenance service.
- HUD.
- Other Airbus Options.
- Portable IOS.
- iCAT Flat Panel Trainer.
- Specific spares package.
- Debriefing Station.
- Database generation tool (DBGS).

Integrating Indra state-of-the-art simulation systems

Friendly solution providing the most effective training
