

## B737 Level D

# Full Flight Simulator

The top-of-the-range solution

### Aircraft Simulation

- Level D (EASA/FAA/CAAC).
- Boeing Data Package.
- Boeing parts kit.
- Full cockpit replica.
- Real / retargeted / rehosted / simulated solutions for avionics and instruments kit.
- CFM engine simulation.
- ATC Simulation for FFS.

### Motion

- Fully electrical motion system.
- 6 degree-of-freedom.
- 60" stroke.

### Visual System

- 3-channel, 200°x40° field of view. LED, Laser, LCoS projectors available.
- Visual InVis3 image generator.
- Global world visual data base integrating:
  - Geospecific World terrain database
  - Specific Level D airports, from Indra library or custom made.
  - All world runway supported by ARINC 424 format.

### IOS

- Forward facing.
- Friendly.
- Customizable.
- Lesson Plans.

## Support

- Warranty.
- Operation and maintenance courses and manuals.
- Simulator designed with maximum COTS hardware and standard interfaces for long-term user-friendly maintenance.

## Optional

- Post-warranty maintenance service.
- HUD.
- Portable IOS.
- iCAT Flat Panel Trainer.
- Specific spares package.
- Debriefing Station.
- Database generation tool (DBGS).

Indra worldwide support network

Availability above 99.5%

Easy maintenance

Friendly solution providing the most effective training

Integrating Indra state-of-the-art simulation systems
