Procedure for telematic attendance

Notwithstanding the provisions of the preceding paragraphs and in accordance with the provisions of article 14 of the Bylaws and 7 bis of the Regulations of the General Shareholders' Meeting, the Board of Directors has agreed that attendance at the General Shareholders' Meeting may also be by remote link that allows real-time connection with the venue where the Meeting is held ("remote link attendance").

Shareholders who wish to attend the Meeting remotely may do so via the "Participation Platform", which will be activated on the Company's corporate website (www.indracompany.com), in the section relating to the General Shareholders' Meeting, where shareholders must have previously registered as Registered Users, providing evidence of both their identity and their status as shareholder by completing the relevant registration form, pursuant to the Terms and Conditions published on the Company's website.

Shareholders will prove their identity by means of a valid electronic ID card or recognised electronic certificate issued by the Spanish National Mint (Fábrica Nacional de la Moneda y Timbre - FNMT), on which there is no record of its revocation.

Once they have completed the registration process and proved their identity and status as a Company shareholder in one of the foregoing ways, they will be granted authorised access to the system and entered as a Registered User. In order to access the Platform, users must enter their email address and the password provided during the registration process.

Instructions for using the Platform can also be found on the Platform itself. Remote link attendance will be possible from any device with Internet access. Physical attendance at the Meeting shall render electronic attendance by the shareholder (or his/her proxy) ineffective.

1 Pre-registration

In order to be able to attend the General Shareholders' Meeting via remote link, in addition to registering on the "Participation Platform", shareholders (or their proxies) must register by selecting the "Remote Attendance" option and then clicking on "Request for remote attendance" on the aforementioned "Participation Platform" between 00:00 hours (CEST) on 24 June 2023 and 23:59 hours (CEST) on 28 June 2023.

2 Connection and registration on the day of the meeting

Shareholders (or their proxies) must access the "Participation Platform" and select the "Remote Attendance" option between 11:30 a.m. and 12:30 p.m. (CEST) on the day of the Meeting,

identifying themselves with their email address and the password provided during the registration process. No registration will be accepted outside this timeframe.

In the event that there is insufficient quorum at first call, the Company will publish this on the corporate website, confirming that the Meeting will be held at second call. In this case, shareholders (or their proxies) who have connected and registered at first call must complete the registration process again on the day on which the Meeting is held at second call, in order to be able to attend the meeting.

3 Intervention

Shareholders (or their proxies) who, in exercising their right to information, wish to speak at the General Shareholders' Meeting or make proposals for resolutions in the cases permitted by law, must do so from the time of their connection and registration on the day of the Meeting, attaching their intervention, question or proposal through the intervention procedure set up for this purpose in the "Participation Platform", under the option "Remote Attendance".

Interventions may thus be submitted until such time as the Chairman declares the Meeting to be validly constituted.

Shareholders (or their proxies) who wish their intervention to be recorded in the minutes of the General Shareholders' Meeting must expressly indicate this in the text of the minutes.

Requests for information thus formulated shall be answered during the meeting itself or in writing within seven days following the meeting.

4 Voting

Voting on the proposals for resolutions included in the Agenda may be carried out through the voting procedure set up for this purpose in the "Participation Platform", under the option "Remote Attendance", from the time the shareholder (or his/her proxy) has logged in and registered at the Meeting in accordance with the procedure set out in section 4.2. above until the end of the intervention period in the room where the meeting is held.

Should the shareholder (or his/her proxy) fail to indicate the way he/she wishes to vote, it shall be understood in all cases that he/she votes in favour of the resolutions proposed by the Board of Directors in each item on the agenda.

With regard to proposed resolutions on matters that, as permitted by law, need not appear on the agenda, anyone attending by remote link may cast their votes when the Chairman so indicates following the reading of the proposal. If a shareholder (or his/her proxy) does not indicate the way in which he/she wishes to vote with regard to proposals for resolutions on matters which do not

need to be included on the Agenda (where this is permitted in Law), it shall always be understood that they have voted against the proposal in question.

5 Service availability

The Company reserves the right to modify, suspend, cancel or restrict the electronic voting and proxy mechanisms as well as remote link attendance when technical or security reasons so require or impose.

The Company shall not be liable for any damages that may be caused to the shareholder as a result of breakdowns, overloads, downed communication lines, connection failures, technological incompatibility, malfunctioning of the postal service or any other eventuality of the same or a similar nature, beyond the Company's control, which may hinder or prevent the shareholder from granting proxy and casting votes by remote means of communication, or from attending the General Shareholders' Meeting by remote means of communication.

Whenever remote link attendance at the General Shareholders' Meeting is not possible as detailed in section 4 due to technical circumstances not attributable to the Company, or if there is a temporary or permanent interruption of communication during the meeting, this circumstance may not be invoked by the shareholder as an unlawful deprivation of his or her rights. Whenever remote link attendance at the General Shareholders' Meeting is not possible as detailed in section 4 due to technical circumstances not attributable to the Company, or if there is a temporary or permanent interruption of communication during the meeting, this circumstance may not be invoked by the shareholder as an unlawful deprivation of his or her rights.
